Summer 1 Week 4

School Reports and Home Learning Packs

Please come and collect reports and your Summer 2 learning pack! These packs contain:

- Home learning materials
- Wellbeing advice and materials
- Your child's report. We have chosen to write this while teachers have had time away from the classroom and can then dedicate time to your child in the event that they return to school. We also thought this would help you understand the level your child is working at and give you some summer learning targets to support key objectives and learning at home.
- The fundamentals for reading, writing and maths in years 1-6 and the Early Learning Goals for Nursery and Reception. These are the objectives to be covered over an entire year and in order for your child to be at age expected they should be able to do these things. We recognise parents are not teachers and these are there to support. Please do not be worried if your child cannot do something on there. Not everyone will be able to do everything.

Returning to School Dates—Please see our COVID 19 15.05.20 letter for detailed information

	Key Worker Children	Year 6	Year 1	Reception	Nursery Ducks	Nursery Swans	2 year Olds
Start date	01.06.20	02.06.20	03.06.20	04.06.20	08.06.20	09.06.20	10.06.20

Music Focus Summer 1 Week 5

To celebrate and share our love for music we will:

- Share videos and songs we love at Gainsborough
- Send you home learning access for Charanga – a music website <https://charanga.com/yumu> The log on details are in your report pack and teachers will send this on carrot rewards as well.
- Ask you to send your videos of singing and dancing , performing and playing an instrument #gainsborough_hackney
- Run Gainsborough's Got Talent on Friday! To be in the competition you must send tag us #gainsborough_hackney in your videos on Instagram and our panel of senior leaders will pick the best from each class and finalise a winner. We will share all videos and entrants on our Instagram page!

Occupational Therapy Virtual Sessions

Phone or video screening calls are offered for all patients who would normally be accepted for new referrals. Interventions are being offered via video call where possible and appropriate and to provide support for the wider community we have recorded our Sensory Workshop for families and can offer this as an 'Electronic Version'.

Home safety assessments for children who meet this criteria are still on offer via video or phone calls.

Physiotherapy drop-in consultation slots will replace the drop in session for the time being. These begin again on 11th May via phone or video. Service contact number Monday – Friday Sharon (administrator) : 02070147025

App of the Week is Discover Espresso

The website of the week is Discover Espresso. It is a fantastic website full of resources for all areas of the curriculum. If you are searching for some information on the Mayan civilisation or need some fun facts about Hieroglyphics then Discover Espresso is the answer!

Use the login details below to find out some amazing information to help you learn at home.

TT Rockstars Battle

It is great to see so many of you active on TTRockstars. As a school we answer each question in just over 4 seconds and have 17 children who can answer a question in less than a second.

Congratulations to Hawks who have been the most active class this week and have earned the most points.

The Early Support Team

The Early Support Team have compiled an activities pack of resources to suit varying levels of need. The team can send the pack to settings and families via email (or hard copies can be sent by mail if more convenient for some families).

These resources range from simple games and activities to play with and without toys, a message story, online activities for children with autism and much more.

If you would like a copy of the resource pack please e-mail a member of the Early Support Team. Contact details below:
