

## Writing

Our writing units this half term are again linked to our class reader 'The Lion, the Witch and the Wardrobe'. We will write in role as Lucy Persuading the Queen of Narnia to let her brother free.

We will also retell the story from 2 different views. In addition, we will write a comparative, a diary entry and a non-chronological report linked to our topic- the Maya Civilization

In order to support you child/children with their writing, please help them with their year 5/6 spellings as these are a big focus this half term. If you are unsure of what these are, please speak to the class teachers. These spellings are in addition to the weekly spellings homework.

## Maths

This half term we will focus on algebra, measurements, area, perimeter and volume. We will continue to find ways to develop our understanding and use of the 4 operations and fluency within all areas of Maths.

Please support your child's learning at home by continuing to practice their times tables using Times Table Rockstars and complete tasks set on Mathematics using the following websites.

The username and password will be found on the inside cover of the homework book.

<https://play.ttrockstars.com/auth/school/>

## Topic

This half term we will continue to learn about the Maya Civilisation and compare and contrast with other civilisations.

## Reading

- This half term we will continue to enjoy the story 'The Lion, The Witch and The Wardrobe' our class readers.
- We will be practising our summarising skills by regularly completing summaries in our reading logs.
- To support your child at home please read with them everyday.
- Children can also access Reading Plus at home.
- Reading lessons will continue to focus on answering a range of question types, based on the book that they are reading.

### World Book day

We are celebrating World Books Day on Thursday 3rd March 2022. Children can come in dressed as their favourite character from a book,

## Art

The children will complete a drawing unit this half term in their art lessons. They will focus on different drawing techniques and drawing from observations.

Look out for our fabulous artists on the school's Instagram page.

## Computing

We will build on our knowledge of coding using Scratch. Also, Year 6 will discuss how we can support each other online and strategies to keep ourselves safe.
