

### Year 1 Eco-Active Workshop

Year 1 learned all about water scarcity and how to save water in their 'Save the Ocean' Eco-Active workshop this week. They also found out about water pollution and how it affects sea life. For the activity, the children found out how a bird feels when they are trying to eat seeds but instead eat micro plastics that are found in seas and rivers.

### Year 2 Position and Direction

Year 2 have been practising turning quarter / half / three quarters / whole turns in a clockwise and anti-clockwise direction, following their partner's directions. They also used cubes to identify North, South, East and West.

### Well done Year 6!
