Lifetime Achievement Award for Carol Lewis

This week Carol Lewis was awarded a special recognition award for her lifetime achievement serving the Gainsborough community. The event was held by Hackney Council and honoured many special achievements across the borough. We were proud and humbled by the standing ovation that her son Arran received as he went to the stage to collect the award on behalf of the family. It was a really special moment and well awarded to one of Hackney's true shining lights.

Maths in Year 6

Year 6 have been solving shape problems this week, including trying to find out how many different 3D shapes they can make with ten cubes!
